Your 2021 Sharesave Plan Maturity

As you've completed three years of saving into Sharesave, your plan has now matured.

**SHARE IN OUR
COLLECTIVE
SUCCESS**

Here's a quick reminder about your Plan:

You started saving in November 2021.

Your 2021 Sharesave matures on 1 December 2024.*

Your Option Price is £115.96

You'll be able to see the actual live share price when you sign into your Shareworks account from 1 December 2024.

You will have six months from the maturity date to submit your request.

We are changing our share plan admin provider during the Sharesave maturity period, so please take some time to read the next page on the upcoming migration.

Please ensure you allow sufficient time to submit your exercise instruction.

*assumes you've not missed any payments. If you've missed payments your maturity date will move by one month for each month you've missed, up to a maximum of 12 months. If you miss more than 12 months your option to acquire the shares will lapse.

IMPORTANT INFORMATION

Upcoming change of shareplan provider

On 20 January 2025, Flutter will be changing share plan administrator from Shareworks to Computershare. As a result, the platform you currently use to manage your share plan and shares will change to Computershare's platform, EquatePlus.

To implement this transfer of provider, Computershare will need to introduce a brief **'freeze period' on all transactions, commencing Friday 3 January until close of business on 17 January.**

During this timeframe, no exercises can be submitted. Therefore, if you wish to exercise prior, please allow sufficient time to ensure your instruction is completed.

Please keep an eye out for future correspondence with more information, relating to the migration

Assumes you've not missed any payments. If you've missed any payments your maturity date will move by one month for each month you've missed, up to a maximum of 12 months. If you miss more than 12 months your option to acquire the shares will lapse.

Deciding what to do next

You will have six months from your maturity date to choose what to do. **You will have three choices available to you:**

EXERCISE & SELL

Exercise your option at the (discounted) option price and immediately sell the Flutter Entertainment plc shares you acquire.

OR

EXERCISE & KEEP

Exercise your option and acquire the shares at the (discounted) option price and hold onto your shares. You are then a shareholder and have the chance to share in our global success going forward.

OR

TAKE

Your savings back but you won't get the benefit of any gain on the share price over the (discounted) option price

Exercise and sell your shares

You can use your savings to acquire shares at the Option Price and then sell them immediately. When you do this, if the share price is higher than the Option Price, that's your gain.

We'll send the full sale proceeds to your bank account within 2-5 working days of the settlement date less dealing fees of 0.35% of gross proceeds subject to a minimum of £25.

You won't have any Income Tax or National Insurance to pay on any gain you make because Sharesave is tax approved in the UK.

In some circumstances you may have to pay Capital Gains Tax when you sell your shares if the profit is above the annual allowance. The annual allowance for the tax year **2024/2025** is **£3,000**.*

If you are unsure of anything, we always recommend you speak with a qualified tax advisor for further information about how you might be affected.

*Tax legislation as at November 2024.

Exercise and keep shares in Flutter Entertainment plc

You can use your savings to acquire Flutter shares at the Option Price of £115.96. You can then keep your shares for as long as you want. You'll be able to track the performance of your shares in Shareworks in the Vested Share Account (VSA).

As a shareholder, you'll own part of Flutter Entertainment plc. These shares are listed on the London Stock Exchange. As with all shares, their value will fluctuate up and down over time.

You'll also be able to vote at our AGMs which gives you the opportunity to have your say in Flutter's future.

It's up to you when you sell the shares in the future. You can even choose to transfer them to your partner.

In some circumstances you may have to pay Capital Gains Tax when you sell your shares if the profit is above the annual allowance. The annual allowance for the tax year 2024/2025 is £3,000. We always recommend you speak with a qualified tax advisor for further information about how you might be affected.

But remember, past performance is not necessarily a guide to future performance. The performance of investments is not guaranteed and the value of any investment can go down as well as up.

Take your savings back

You can simply take back the savings you've been making over the last three years and you won't have lost a penny.

If you do not wish to exercise and only receive your savings back, you will need to inform Shareworks who will instruct your savings carrier to refund your savings to you.

It's worth bearing in mind if the share price is higher than the Option Price, you won't benefit from any share price gain if you withdraw your savings.

If you leave Flutter

If you resign or are dismissed and you've not exercised your options in the Plan, they will automatically lapse on your leaving date and you will need to log into your Shareworks account to request your savings back.

If you leave through retirement, ill health, disability or redundancy, you'll have six months from the earlier of your maturity date and your leaving date to exercise your options.

Need more information?

There are a number of ways you can access more information to help you decide what's best for you:

You can find more information by visiting our Flutter SharePlans hub at www.Flutter-shareplans.com

You can sign into your Shareworks account at <https://flutter.solium.com> where you will find more details about your Plan. The site also includes an interactive tool, which lets you review different scenarios before you decide.

Signing in to Shareworks

Remember to have your account number or username and your password to hand.

You can speak to the Morgan Stanley at Work team Monday-Friday 8am to 6pm GMT

Tel: 0808 234 9514

Take your time to decide

None of us like to feel rushed when it comes to making important decisions. So that's why you have six months, until **31 May 2025**, to decide what you want to do.

If you don't let us know what you want to do before this deadline, we'll return your savings to you and you won't benefit from the discounted Option Price.

Helping you make the right choice

Everyone's circumstances are different and we can't give financial advice. So we always recommend you take financial advice if you're not sure about your next steps.

If you don't have a financial advisor, this is a good place to start your search www.unbiased.co.uk

You can also use our financial education platform, nudge, to help you better understand your finances.
